Protection Needed for Americans, MESSAYE, Nicaragua, June 2,-President Sacara has delivered the office of President to Senor who, after assuming office, began dis disarming the troops in the capital. News has been received from Corinto that Gonzales Espinoza, general superintendent of the Maritime Canal, has been arrested and taken to Leon under surveillance. The presence of an American war ship at Corinto is greatly needed.

Americans and other foreigners are subjected to many indignities, and obstacles are placed in their way when they wish to enter or leave the country. The commandant here says the passport of the American minister is of no value. There is only one recognized document of value, and that is a special permit to be obtained from the Minister of War. Foreigners who wish to go to the interior to leave the country find it neces-

sary to obtain the passport. Stevens Complimented by Sewell, Augusta, Me., June 2.—The following has been received by Hon. J. H. Mauley from Harold M. Sewell, ex-consul-general at damos, who is a prominent Democrat, and is now at Honolulu: "Your distinguished fellow townsman leaves here to-day bearing with him the thanks and good wishes of every American throughout the Pacific. Within the line of his duty it has been his fortune to do much to promote the solution of what seems to-day to be the greatest American question. As a citizen of Maine I am proud of him and I hope your State will give him the welcome he deserves." The above is interesting in connection with ex-Minister Stevens's return to this country.

Compare.

A careful comparison of Dr. Price's Delicious Flavoring Extracts with the other flavoring extracts offered for sale, will convince any person that for strength, puri-ty, delicate and natural flavor,

are far superior. Ladies of taste once having enjoyed the delicious flavor that is given to cakes, puddings, creams, etc., by Dr. Price's Vanilla or Lemon Extract, could not be induced to use any other.
